### Made 2+ Booking Attempts

A pie chart titled "Made 2+ Booking Attempts" showing the distribution of booking attempts by repeat customer status. The chart is divided into two segments: a large light blue segment representing "False" (25.91K, 94.95%) and a small orange segment representing "True" (1.38K, 5.05%). A legend on the right indicates "is\_repeat\_customer" with "False" in light blue and "True" in orange.

| is_repeat_customer | Count  | Percentage |
|--------------------|--------|------------|
| False              | 25.91K | 94.95%     |
| True               | 1.38K  | 5.05%      |

### Total Bookings, Total Bookings PY, %GT Total Bookings and %GT Total Bookings PY by party\_size

A bar chart titled "Total Bookings, Total Bookings PY, %GT Total Bookings and %GT Total Bookings PY by party\_size". The x-axis represents "party\_size" with categories 1, 2, and 3. The y-axis represents "Total Bookings and Total Bookings PY" ranging from 0 to 3,500. For each party size, there are two bars: a light blue bar for "Total Bookings" and an orange bar for "Total Bookings PY". The values are: Party Size 1: Total Bookings 3,454, Total Bookings PY 3,246; Party Size 2: Total Bookings 2,163, Total Bookings PY 1,987; Party Size 3: Total Bookings 562, Total Bookings PY 522.

| party_size | Total Bookings | Total Bookings PY |
|------------|----------------|-------------------|
| 1          | 3,454          | 3,246             |
| 2          | 2,163          | 1,987             |
| 3          | 562            | 522               |

### Revenue and %GT Revenue by month\_name and Is First Booking

An area chart titled "Revenue and %GT Revenue by month\_name and Is First Booking". The x-axis represents "month\_name" from January to December. The y-axis represents "Revenue" from 0K to 100K. There are two data series: "New" (light blue area) and "Returning" (orange area). The "New" series shows a significant peak in July, while the "Returning" series remains relatively low and stable throughout the year.

| month_name | New Revenue (K) | Returning Revenue (K) |
|------------|-----------------|-----------------------|
| January    | ~110            | ~10                   |
| February   | ~100            | ~10                   |
| March      | ~80             | ~10                   |
| April      | ~50             | ~10                   |
| May        | ~70             | ~10                   |
| June       | ~100            | ~15                   |
| July       | ~110            | ~15                   |
| August     | ~90             | ~10                   |
| September  | ~60             | ~10                   |
| October    | ~40             | ~10                   |
| November   | ~70             | ~10                   |
| December   | ~110            | ~15                   |
